

Manning & Napier Fund, Inc. 10/01/2018 - 12/21/2018 Distributions

Shareholders will not experience a loss from a distribution. When a distribution is paid, the fund's net asset value (NAV) is reduced by the per-share amount of the distribution. Shareholders who choose to reinvest their distributions will automatically purchase additional shares. This results in the total market value of their investment remaining the same, but the number of shares they own increasing.
