Inception performance is based on the Overseas Series Class I inception of 09/23/1998. For periods through 05/01/2018 (the inception date of the Class Z shares), performance for the Class Z shares is based on the historical performance of the Class I shares. Because the Class Z shares invest in the same portfolio of securities as the Class I shares, performance will be different only to the extent that the Class I shares have a higher expense ratio. Performance data quoted represents past performance and does not guarantee future results. Performance for periods greater than one year are annualized. The investment return and principal value of an investment will fluctuate, so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than that quoted; investors can obtain the most recent month-end performance at www.manning-napier.com or by calling (800) 466-3863.

Prior to 07/10/2002, all performance figures reflect the performance of the Exeter Trust Company Group Trust for Employee Benefit Plans: International Collective Investment Trust fund (the Collective), which was managed by Manning & Napier Advisors, Inc. (predecessor to Manning & Napier Advisors, LLC), an affiliate of the distributor, and reorganized into the Manning & Napier Fund, Inc. Overseas Series on 07/10/2002. The Collective was not open to the public generally or registered under the Investment Company Act of 1940 and the fees of the Collective were lower than the Series' fees. Therefore, the historical performance of the Collective would have been lower if the Collective had been subject to the same fees as the Series.
